**FARMER FOOD RELIEF AND RECOVERY PROGRAMME – LOGISTICAL SUPPORT
FOR COORDINATION AND DISTRIBUTION OF INPUTS AND FOOD ITEMS**

The government launched the Farmer Food Relief and Recovery Programme to address the impact of the dry spell on farmers' livelihoods and ensure food security. As part of this initiative, food items and agricultural inputs are being distributed to farmers through decentralized channels.

To streamline the process, regional centers have been established as collection points for districts to pick up their allocations. Following discussions, the Ministry of Food and Agriculture (MoFA) will provide funding to regions to support coordination, monitoring, and reporting on the PFJ 2.0 initiative and dry spell interventions. Additionally, districts will receive fuel and logistical support to facilitate the transportation of inputs from regional centers to districts for onward distribution to farmers.

This letter serves to inform you that MoFA has released a partial payment of 25% of the allocated funds to support these activities. The remaining fund will be disbursed to regions and districts based on performance in the distribution.

To facilitate the process of funds disbursement, we request Regional Coordinating Council's (RCCs) and Metropolitan, Municipal, District Chief Executives (MMDCEs) to furnish MOFA with their account's details (Bank name, Account name, Account no. and Branch) to the Office of the Chief Director, MoFA through Mr. Elvis Togobo through email - elvis.togobo@mofa.gov.gh or whatsapp – 0555012806.
